

The background features four abstract, glowing green wireframe structures. These structures are composed of numerous thin, intersecting lines that form a series of overlapping, rounded, and somewhat cylindrical shapes. The lines are bright green and stand out sharply against the solid black background. The overall effect is that of a digital or network-like visualization.

# *How to stay safe online*

**Look out for anonymous users; they will try to download information off your computer through links they send you**

# Scams

**Scammers will send pop-up messages to you saying you won a prize and make you put in bank details which you must avoid if there is no padlock in the top left corner.**

# *Online Gaming*

**Don't accept friend requests from strangers as they could be anyone. However, it's fine to play with them in a brief match.**

# *Don't meet people online*

*Meeting people online is dangerous. They could be anyone or who they say they are but you don't know.*

The background features a dark, almost black, space filled with vibrant, ethereal energy. On the left side, there are bright orange and yellow streaks and wisps, resembling fire or a solar flare. On the right side, there are bright blue and cyan streaks and wisps, resembling a nebula or a different type of energy. The overall effect is one of dynamic, glowing light against a dark void.

# ***Rights and Responsibilities***

Be respectful and kind online.
