

Information for parents/ carers

Berkshire Healthcare
NHS Foundation Trust

Reception Parents

Has your child had their
1st & 2nd dose of the MMR vaccine?

The MMR vaccine gives long-term protection against
measles, mumps and rubella.

2 doses of the MMR vaccine gives you long-term
protection.

If your child is outstanding 1 or both doses, please use
the details below to contact The Immunisation Team.

Scan the **QR code** to complete a consent
form for your child to be vaccinated using
your school code: **BK**
