MESSAGE FROM THE HEADTEACHER

On Wednesday afternoon we had our first Open Afternoon of the year for prospective parents. The Y6 ambassadors always do the tour for them and, as ever, they did a fantastic job. It makes us very proud when we are told by visitors that our pupils have been a credit to the school. Keep it up Y6! The dates for future tours are on the school website, so please pass the information on if you know people who need to be looking for a school for September 2024.

Indian Classical dance

[Click here to find out about the dance!](#)

Mudras are the hand gestures used in Indian Classical dance. They form a prominent part of a South Asian dancer's vocabulary. Akademi is a South Asian Dance company which uses traditional dance with storytelling to communicate ideas and messages. How do the dancers use mudra in their piece 'Plastic Drastic Fantastic', a dance which explores our relationship with all things plastic?

In English we have been writing paragraphs to set descriptions for some ancient Egyptian images.

In Science we have been talking about how we can stay safe around electricity and have made some warning posters.

News

**Is a school more than
just a building?**

In the news this week

More than 100 schools across the UK have been affected by a potentially dangerous concrete used in their construction between the 1950s and the mid-90s. The crisis has left some school staff struggling to find temporary teaching accommodation and forced many pupils to begin their academic year learning online. It's not just schools affected; more than 30 hospitals are also believed to be at risk, according to experts.

Things to talk about at home ...

- > Share your thoughts on this week's news. Are you aware of any local schools or hospitals that have been affected?
- > For those pupils resuming learning online from home, how do you think they might feel?
- > Considering school buildings, how do you believe they might change in the future? Can you think of any ways to improve school buildings or classrooms?
