## MESSAGE FROM THE HEADTEACHER

It was lovely to see so many people last Sunday at the Summer Fair. The weather was perfect—not too hot, not too cold—and a good time was had by all. Thank you to the PTA for your hard work organising the event. Today, some of the children represented the school at a mini Olympic event—Mr Leaver was extremely proud of the sportsmanship of all of those who took part. Next week, we will be sending out your child's new class details ahead of transition morning on Monday 7th July.

# Summer water safety

Accidents are mostly preventable with the correct knowledge and judgment and here are our tips to staying safe in the water during the summer:

To enjoy the water safely and make the right call...

- **Enter slowly and carefully**  
Think carefully about your ability to splash or swim in cold outdoor water. 49% of those who lost their life were classified as swimmers\*. Are you really a good swimmer?
- **Stay within reach**  
Don't go too far and stay within a standing depth.
- **Always be supervised**  
Over 70% of fatal accidents occur in the absence of professional supervision. Seek life guarded areas and always make sure some one is available to raise the alarm.

Summer is an amazing time to enjoy our beautiful waterways but we must be mindful that warmer weather is directly linked to an increase in fatal drowning incidents.

Rivers and Lakes/Lochs pose the greatest statistical risk as there are often hazards that the average person is equipped to handle and there is a lack of professional supervision.

In an emergency...

- **Call 999**  
If you are at the coast, call 999 and ask for the Coastguard. Don't enter the water to rescue.
- **If you're in trouble FLOAT and call for help**  
Fall in or become tired – stay calm, float on your back and call for help. Throw something that floats to somebody that has fallen in.

STOP AND THINK
